# Component Level Design

Group Number: 22
Authors: Kinjal Shah, Danial Shaikh
Student ID: 100743551, 100698628
Date: 2021/04/10

1st Diagram - shows the Component Design for our website. All functionalities of the website are accessible and made available to the user after the user logs in successfully. If the website needs to be updated, the user is temporarily restricted from these functionalities, the restriction is lifted after the web developer is done with the changes and allows access to the users again.

2nd Diagram - shows the Component Design for the movie ticket booking system. Once the user selects the desired movie theatre, movie and seating arrangement, the system allows the user to carry on with payment securely. The database makes sure that the users private information and selections are encrypted and safe.
